6. COMPENSATION FOR SERVICES

6.1 Obligation to Pay

Terminal User is obliged to pay Capacity Fees or any other fees to Terminal Operator, to the extent and in the amount, corresponding to the fees set out in the TAC, the Tariff Code and this Agreement.

6.2 Capacity Fees

- (a) The "**Capacity Fees**" payable by Terminal User in respect of Service to be made available by Terminal Operator to Terminal User under this Agreement shall be calculated as follows and paid on a monthly basis ("**Monthly Capacity Payment**" or "**MCP**") in accordance with the Terminal Access Code and clause 12 of this Agreement:

$$\text{MCP} = (\text{RT}_i * \text{Contract Year's TUA Reserved Capacity}) * \text{Number of days within the month/ 365 (or 366 in case of leap year)}$$

where:

RT_i is calculated in accordance with clause 6.2(b).

Contract Year's TUA Reserved Capacity (in kWh/day/year) is set out in Schedule 1.

(b) The “**Annual Gross Tariff**” (“**RT_i**”), expressed in €/kWh/day/year rounding to 3 decimal digits, shall be calculated as follows:

(i) For the first Contract Year or any Year in which a Reference Tariff Revision Notice is issued, for Terminal Users that have signed this Agreement before and up to the COD:

$$\mathbf{RT}_i = \mathbf{RT}_0 * \mathbf{a}_y + \mathbf{PR}_0$$

where:

RT₀ represents the Reference Tariff

a_y represents the downward adjustment in the Reference Tariff and is equal to [●] as per Schedule 2.

PR₀ represents the Premium, expressed in €/(kWh/day)/year; to the extent that such Premium is included in a User's TUA, and shall be [●] €/kWh/day/year.

(ii) For the subsequent Contract Years up to Term for Terminal Users that have signed this Agreement before and up to the COD:

$$\mathbf{RT}_i = \mathbf{RT}_{i-1} * \mathbf{I}_j$$

where:

I_j represents the Inflation Index for year (j).

i represents the Contract Year, numbered progressively from 1 up to end of Term, starting from the Contract Year, when the Service Commencement Date occurs.

j represents the calendar year within which the first month of the Contract Year (i) occurs.

(iii) For Terminal Users that have signed this Agreement after the COD according to the provision of the Tariff Code.

(c) Terminal Operator may revise the Reference Tariff in accordance with the Tariff Code, based, *inter alia*, on the following:

(i) proven and documented material increases or decreases in Terminal Operator's operating costs directly relating to provision of the Service;

(ii) proven and documented material increases or decreases in the revenues received by Terminal Operator from contracted Terminal Capacity; and

(iii) in case of costs incurred in respect of, or investments made necessary by, the occurrence of an event circumstance, or combination of events and/or circumstances, which affects the Terminal, which are unforeseeable and beyond the reasonable control of Terminal Operator and which could not be avoided by steps which might reasonably be expected to have been taken by a Reasonable and Prudent Operator.

- (d) Terminal Operator shall notify the Authority for any revision in the Reference Tariff. Any revision in the Reference Tariff shall remain within the terms of the Exemption Decision issued by the Authority as well as the provisions of this Agreement.
- (e) Terminal User acknowledges that the Capacity Fees are fair and reasonable, with respect to the Service provided, and are not subject to restrictions, terms, conditions, offsetting or any reductions, unless provided differently in this Agreement.
- (f) If the Services are not made available by Terminal Operator to Terminal User, due to action or inaction solely the responsibility of Terminal Operator or its contractors then the Capacity Fee payable by the Terminal User will be proportionally reduced to account for the corresponding reduction in Prevailing Nomination; unless the Services are not provided for reasons attributable to:
 - (i) terminal maintenance, up to the Maintenance Allowance pursuant to clause [10.12.2] of the Terminal Access Code;
 - (ii) Force Majeure (unless Terminal Operator is the only Party that is unable to fulfill its obligations under this Agreement due to such Force Majeure, in which case a reduction in Capacity Fee shall be provided to Terminal Users);
 - (iii) due to Terminal User's failure to comply with its obligations under a Contract or the Terminal Access Code;
 - (iv) a User's action or inaction which contributes partial or wholly to a Terminal Operator Revised Sendout Event; or
 - (v) a mismatching during the matching process with the Downstream Operator, resulting in a Terminal Operator Revised Sendout Event.
- (g) Any reduction in Capacity Fees will be settled at the end of each Month of the Contract Year as an offset to the monthly invoice to be issued to the Terminal User for that Month of the Contract Year and shall be calculated as follows:

$$\text{Clearance Fee} = \frac{RT_i}{365(\text{or } 366 \text{ in case of leap year})} * \sum_{n=1}^N (\text{Prevailing Nomination}_{n,k} - \text{Daily Actual Sendout}_{n,k})$$

- i** represents the Contract Year, numbered progressively from 1 up to end of Term, starting from the Contract Year, when the Service Commencement Date occurs;
- n** represents the number of events within each Month of the Contract Year, when a reduction in Capacity Fees applies, excluding cases as described in clause 6.2(f), numbered progressively from 1 to N; for clarity, if there is more than one event on any Day those events will be considered as one event for calculation of Clearance Fee and the determination of "n";

N represents the total number of events within each Month of the Contract Year, when a reduction in Capacity Fees applies, excluding cases as described in clause 6.2(f);

k represents the Gas Days, corresponding to the events n.

- (h) If the total reduction in Capacity Fees exceeds the amount of the monthly invoice due from Terminal User for that Month of the Contract Year, then Terminal Operator shall issue a credit invoice for the excess amount and pay the remaining balance to Terminal User within ten (10) days following the end of such Month of the Contract Year.

6.3 Use it or Lose it

- (a) The Annual Gross Tariff amount calculated pursuant to clause 6.2(b) is applicable irrespective of the amount of ReqSOS that the Terminal User requests in the AP Process. For the avoidance of doubt, if the Terminal User requests zero ReqSOS in the Annual Plan the Terminal User is still obliged to pay the full amount of the Annual Gross Tariff for the entire TUA Reserved Capacity.
- (b) If the Terminal User elects not to reserve all of its TUA Reserved Capacity in the Annual Plan for a Contract Year then the Terminal User shall release its rights to the Unused Capacity pursuant to clauses [4.2.2] and [4.2.3] of the Terminal Access Code.
- (c) Terminal User has the right to assign part or all of its AP Daily Planned Sendout. Such assignment of AP Daily Planned Sendout will be pursuant to a Capacity Exchange Agreement entered into in accordance with clause 11.3.
- (d) Terminal Operator is entitled to market any Unused Capacity pursuant to the Terminal Access Code. Terminal Operator will be paid an administrative service fee by the Terminal User for reselling of Unused Capacity, such fee (“**Administrative Fee**”) to be deducted from any reimbursement of Capacity Fees due to Terminal User under clause 6.3(e).
- (e) If, with regard to any Day, after selling all Unreserved Capacity, Terminal Operator is able to resell the Unused Capacity, then Terminal Operator will reimburse accordingly the Terminal User for the *pro rata* portion of the Unused Capacity, sold to another User, less the Administrative Fee, by providing an invoice setting out the gross amount of reimbursed Capacity Fees (less the gross amount of the Administrative Fee).

7. TERM

7.1 Service Commencement Date

The Service Commencement Date shall be [●]//[Commercial Operations Date] [*Delete as appropriate*]².

² For participants that have agreed to commence the Service from the COD, Service Commencement Date will be the COD. For participants that have agreed to commence the Service after the COD, Service Commencement Date will be the chosen date.

7.2 **Commercial Operation Date [Delete section 7.2 in its entirety as appropriate]³**

- (a) The Commercial Operation Date is expected to occur within the twelve (12) month period commencing twenty-four (24) months after FID Date (the “**First Window Period**”); and shall be determined as follows:
- (i) no later than three (3) months prior to the commencement of the First Window Period, Terminal Operator shall notify Terminal User (“**First Notification**”) in writing of a four (4) month period falling within the First Window Period (the “**Second Window Period**”) during which the Commercial Operation Date shall occur;
 - (ii) no later than two (2) months prior to the commencement of the Second Window Period, the Terminal Operator shall notify the Terminal User (“**Second Notification**”) in writing of a one (1) month period falling within the Second Window Period (the “**Third Window Period**”) during which the Commercial Operation Date shall occur; and
 - (iii) no later than one (1) month prior to the commencement of the Third Window Period, the Terminal Operator shall notify the Terminal User (“**Third Notification**”) in writing of a date falling within the Third Window Period which shall be the Commercial Operation Date.
- (b) The Terminal Operator may at any time prior to the occurrence of the Commercial Operation Date notify the Terminal User in writing that it has determined (acting reasonably) that the completion of commissioning of the Terminal has or is likely to be delayed (such notice being a “**Commissioning Delay Notice**”). If the Terminal Operator issues a Commissioning Delay Notice, then the Window Period or date defined in the latest Notification issued by Terminal Operator shall be extended by a period equal to the period by which completion of commissioning of the Terminal has been, or is likely to be, so delayed.
- (c) If Terminal Operator issues a Commissioning Delay Notice after the Second Notification, due to circumstances for which Terminal Operator or its contractors are responsible, then Terminal Operator shall pay to Terminal User documented direct damages for such delay, for each day of delay commencing on the day falling immediately after the expiry of the Third Window Period or the day on which COD is defined following a Third Notification, whichever the case may be, in the amount of 20% of the Monthly Capacity Payment, until the date, falling within the First Window Period, on which Terminal Operator commences provision of the Service. Notwithstanding clause 14.2(a), the total amount of liquidated damages shall not exceed an amount of 20% of the aggregate Monthly Capacity Payment for the first [twelve (12)] months of the Term. For the avoidance of doubt, Terminal Operator shall be under no obligation to pay any damages under this clause unless the delay to the Commercial Operation Date is solely attributable to Terminal Operator or its contractors, and no liability shall arise if the delay is due to Force Majeure.

³ Applied only to the participants that have agreed to commence the Service from COD.

The term of this Agreement (“**Term**”) shall be the period commencing on the Service Commencement Date and ending [●]⁴ years later.

8. **LNG TERMINAL**

- (b) The Regasified LNG made available for redelivery by Terminal Operator to the Regasified LNG Delivery Point need not consist of the same molecules as unloaded by Terminal User and Terminal User shall have no right to receive Regasified LNG of the same quality as Terminal User's LNG; *provided, however*, that Terminal Operator shall make available for delivery Regasified LNG that satisfies the specifications set out in the Terminal Access Code unless Terminal User or any other Users have delivered LNG to the Terminal that does not comply with the LNG specifications set out in the Terminal Access Code (in which case the provisions of clause [10.9.3] of the Terminal Access Code shall apply).

9. **RECEIPT OF LNG**

9.1 **Title, Custody and Risk of Loss**

Terminal User agrees and acknowledges that the Daily Actual Sendout may vary under normal operational conditions of the Terminal and may not equal Daily Planned Sendout for every individual Day of the Term; provided that such acknowledgement by Terminal User of small variations in the physical flow of Daily Actual Sendout shall not relieve Terminal Operator of its obligation to make available Terminal User's Prevailing Nomination at the Regasified LNG Delivery Point pursuant to the terms of the Terminal Access Code.
- (c) Terminal User agrees to deliver a quantity of LNG each Contract Year in accordance with the Annual Plan.

11.2 Terminal User's Account

15.1 Nature of Relief

Subject to this clause 15, a Party's obligations under this Agreement shall be exonerated to the extent that they are affected (in whole or in part) by the occurrence of an event of Force Majeure.

15.2 Events of Force Majeure

An event of "**Force Majeure**" means any event or circumstance, or any combination of events or circumstances, the occurrence or effect of which is beyond the reasonable control of a Party (the "**Affected Party**"), which could not have been avoided by steps which might reasonably have been taken by a Reasonable and Prudent Operator and which causes or results in a failure or delay in the performance by the Affected Party of any of its obligations under this Agreement (other than payment obligations), including but not limited to:

- (a) acts of God, including tsunamis, landslides, earthquakes, lightning, storm, tempest, hurricane, typhoon, tornado, cyclones, perils of the sea, soil erosion, mudslide, flood, washout, landslides, subsidences or other natural physical disasters, affecting or disrupting operations at the Terminal;

15.3 Notification of Event of Force Majeure

An event of Force Majeure shall take effect at the moment such an event or circumstance occurs. 15.4 No Responsibility

After the Affected Party has given the notice required under clause 15.3, no delay or partial or total failure or omission to carry out or to observe the provisions in this Agreement shall give rise to any claim by a Party against the Affected Party or be deemed a breach or default under this Agreement to the extent that it is caused by an event of Force Majeure.

15.5 No Relief from Pre-Existing Obligations; Capacity Fees

- (a) The Affected Party must continue to perform all of its obligations under this Agreement to the extent that such obligations are not affected by the event of Force Majeure.
- (b) Subject to clause 6.2(f), Terminal User shall continue to pay Capacity Fees during any period of Force Majeure where Terminal User is an Affected Party.

15.6 **Affected Party to Mitigate**

15.7 **No Extension of Term**

The Term shall be extended because of or by the duration of an event of Force Majeure, in case the Terminal Operator is the Affected Party. In case the Affected Party is the Terminal User, the Term could be also extended, because of or by the duration of an event of Force Majeure at the sole discretion of such Terminal User.

15.8 **Allocation of the Service**

If, because of an event of Force Majeure affecting the Terminal, Terminal Operator cannot meet its contractual obligations to Terminal User and/or any other Users, Terminal Operator shall allocate the available capability of the Terminal to perform the Service and similar services to other Users (“**Allocation Basis Priority**”) based on:

- (a) in respect of Daily Planned Sendout capacity, Terminal Operator shall interrupt or curtail service on a *pro rata* basis based on the Prevailing Nomination of each User; and
- (b) in respect of services related to the berthing of LNG Carriers at the Terminal and the receipt of LNG:
 - (i) Terminal Operator may cancel Terminal User’s Scheduled Windows and the Scheduled Windows of any other Users reflected in the then-effective Annual Plan that would have occurred during such event of Force Majeure; and
 - (ii) in the event of any such cancellation, Terminal Operator will use reasonable endeavors to rearrange alternative Scheduled Windows to facilitate the utilisation, by affected Users, of such affected Users’ allocated share of the available capability of the Terminal to berth LNG Carriers and receive LNG.

15.9 **Termination for Extended Event of Force Majeure**

16.2 Advance Notice of Curtailment

Terminal Operator shall use reasonable endeavours to provide Terminal User such notice of interruption, curtailment or temporary discontinuation as is reasonable under the circumstances, and such notice may be issued for a specific period or until further notice is given and will be accompanied by the documents that prove the claimed curtailment (where available).

16.3 Allocation Due to Curtailment

If, as a result of any unscheduled interruption, curtailment or temporary discontinuation of the Service under clause 16.1, Terminal Operator cannot meet its contractual obligations to Terminal User and any other Users, whether such failure is attributable to an event of Force Majeure or for other reason stipulated in clause 16.1 of this Agreement, Terminal Operator shall allocate the available capability of the Terminal to perform services for Terminal Users in accordance with the Allocation Basis Priority set out in clause 15.8.

16.4 Continuing Obligations

Curtailment or suspension shall not relieve Terminal User from its obligation to pay the Capacity Fees and other appropriate amounts as they fall due, pursuant to clause 6.2(f).

17. ASSIGNMENT

17.1 Restrictions on Assignment

- (a) Consent of Other Party Required. Except as otherwise provided in this Agreement, neither this Agreement nor any rights or obligations hereunder may be assigned by any Party without the prior written consent of the other Party, which consent shall not be unreasonably delayed, refused or withheld.

- (a) Affiliates of Terminal User. Notwithstanding clause 17.1, provided the Terminal User's Guarantee extends to all of the obligations assigned under this clause 17.2(a), Terminal User may freely assign all of its rights under this Agreement to an Affiliate upon notice to, but without requiring the consent of, Terminal Operator. An assignment to an Affiliate of

Terminal User under this clause 17.2(a) of all, but not less than all, of Terminal User's rights and obligations under this Agreement shall serve as a novation of this Agreement.

- (b) Financing. Notwithstanding clause 17.1, Terminal Operator may assign, mortgage, or pledge all or any of its rights, interests, and benefits hereunder to secure payment of any indebtedness incurred or to be incurred in connection with the construction and term financing or refinancing of the Terminal facilities. Terminal Operator shall provide to the Financial Lender to whom such indebtedness is owed a consent to assignment or similar document in form and substance customary for similar financing transactions and agreed by such Financial Lender and Terminal Operator. No assignment under this clause 17.2(b) shall serve as a novation of this Agreement.

18. GUARANTEES

18.1 Terminal User's Guarantee

- (a) In respect of its obligations and liabilities under this Agreement, Terminal User shall, on or before the Effective Date, cause a bank with an Acceptable Credit Rating to issue a Terminal User's Guarantee to be valid until 30 November of the next Contract Year. Beginning from the second Contract Year, and each Contract Year for the remainder of the Term, within fourteen (14) days of the initiation of the AP Process for the then current Contract Year, Terminal User shall cause a bank with an Acceptable Credit Rating to issue a replacement Terminal User's Guarantee with a validity period from 01 October of the then current Contract Year until 30 November of the next Contract Year.
- (b) If the issuer of the Terminal User's Guarantee ceases to maintain an Acceptable Credit Rating, then within ten (10) Business Days of such event, the Terminal User shall procure replacement of the Terminal User's Guarantee. In case Terminal User can not procure a replacement of the Terminal User's Guarantee within ten (10) Business Days, then Terminal User shall provide a cash collateral of the same amount, until such Guarantee is properly replaced.

 - (i) If the Term is greater than five (5) Contract Years:
 - (A) For each Contract Year (i), from the first Contract Year until the Contract Year, represented by the total number of years in the Term less 5 Contract Years, in any such Contract Year the Terminal User's Guarantee or the replacement Terminal User's Guarantee will be equal to:

$$5\% * RT_i * \sum_i^{Term} TUA \text{ Reserved Capacity } (i)$$

- (B) For each of the last five Contract Years of the Term, the Terminal User's Guarantee or the replacement Terminal User's Guarantee for Contract Year (i) will be equal to:

$$\frac{RT_i * TUA \text{ Reserved Capacity } (i)}{4}$$

- (ii) If the Term is equal to or less than five (5) Contract Years, then the Terminal User's Guarantee or the replacement Terminal User's Guarantee for Contract Year (i) will be equal to:

$$\frac{RT_i * TUA \text{ Reserved Capacity } (i)}{4}$$

Where:

- i** represents the applicable Contract Year, numbered progressively from 1 up to end of Term, starting from the Contract Year when the Service Commencement Date occurs.
- (d) If, during the Term, the TUA Reserved Capacity booked by the Terminal User changes, then the amount of Terminal User's Guarantee shall be adjusted, and a new guarantee amount shall be calculated in accordance with paragraph 18.1(c) above, during the AP Process of the Contract Year for which such change in TUA Reserved Capacity takes effect.

18.2 Inter- User Guarantee

Prior to the Service Commencement Date, Terminal User must enter into, or accede to, the Inter-User Agreement and provide an Inter-User Guarantee as per the terms of that Inter-User Agreement.

19. DEFAULT AND TERMINATION

When payment in full is made of the overdue amount, the period of suspension shall cease and the Service shall be resumed as soon as reasonably practicable on such date as shall be notified by Terminal Operator to Terminal User.
- (b) If Terminal User’s Guarantee ceases to be in full force and effect (in accordance with this Agreement) or Terminal User fails to maintain an Inter-User Guarantee (in accordance with the terms of the Inter-User Agreement), then Terminal Operator may, upon giving notice, immediately suspend provision of the Service under this Agreement. Terminal Operator shall resume the Service promptly upon being provided with evidence that the applicable guarantee has been reinstated.

19.3 Termination

- (a) Following the occurrence of an Event of Default:
 - (i) unless the defaulting Party remedies or cures the specified Event of Default within the cure period set out in clause 19.1 and only where a cure period exists, the non-defaulting Party may terminate this Agreement by giving five (5) days' notice of such termination; and
 - (ii) it is hereby expressly clarified that a cure period shall not apply if either Party (A) is subject to an Insolvency Event, (B) makes an arrangement or composition with its creditors generally, or (C) applies to a court of competent jurisdiction for protection from its creditors generally, in which case the non-defaulting Party may terminate this Agreement with immediate effect by giving notice of such termination.
- (b) This Agreement shall terminate automatically if the Terminal becomes an actual or constructive or compromised or agreed total loss.
- (c) The Parties may mutually agree the termination of the Agreement, at any time, subject to the settlement of any pending matters between them.
- (d) Terminal User may terminate this Agreement, on ten (10) Business Days' notice, if the Commercial Operations Date fails to occur by the Exit Option Date. Following termination under this clause 19.3(d):
 - (i) Terminal Operator shall release Terminal User's Guarantee and/or any other form of credit support provided by Terminal User; and
 - (ii) notwithstanding clause 14.2(a), the total liability of Terminal Operator to Terminal User for liabilities deriving from a failure to reach commercial operation by the Exit Option Date shall be limited to an amount of 20% of the aggregate Monthly Capacity Payment for the first 12 months of the Term. To avoid doubt:
 - (A) the limitation of liability in this clause 19.3(d)(ii) shall include any amounts paid, or to be paid, to Terminal User under clause 7.2(c); and
 - (B) Terminal Operator shall not be liable for any Consequential Damages Terminal User may incur due to or in connection with the termination of the Agreement under this clause 19.3(d).
- (e) Nothing in clauses 19.1 or 19.2 shall be construed to limit a Party's right to terminate this agreement and the other Party's respective liability in the event of fraud, gross negligence, or willful misconduct of the other party in the course of its performance or non-performance under this Agreement.

19.4 Consequences of Termination

- (a) Termination of this Agreement under this clause 19 or any other provision of this Agreement shall be without prejudice to any other rights and remedies of either Party arising hereunder or by law or otherwise which arose or accrued before or as a result of such termination or

by reason of default of either Party, including Terminal Operator's right to draw against the Terminal User's Guarantee; provided, however, that Terminal User shall not be entitled to recover damages or pursue any other remedy against Terminal Operator in relation to the Service which would have been performed by Terminal Operator after the date of termination by Terminal User.

- (b) It is hereby expressly clarified that the Terminal Operator shall, in any case, have the right to draw the Terminal User's Guarantee in the event of termination of this Agreement for a Terminal User Event of Default. Terminal User agrees and acknowledges that the Terminal User's Guarantee may be insufficient to cover the liabilities incurred by Terminal Operator following a Terminal User Event of Default, and that Terminal Operator's remedies shall not be limited drawing against the Terminal User's Guarantee. It is also clarified that the amount of the forfeiture of the Terminal User's Guarantee will be taken into consideration in the calculation of the liabilities incurred by Terminal Operator following a Terminal User Event of Default.
